**Walking from Tower Hill Tube to Havengore**

- 1 Exit Tower Hill tube, walk down the steep steps and through the underpass towards Tower of London
- 2 In front of the Tower of London turn left towards Tower Bridge
- 3 Walk through the underpass and **turn sharp right**, a glass building will be on your left – continue on this path, do not turn left at the restaurants and marina, go straight ahead keeping right, and up incline onto road.
- 4 Turn sharp left to walk **under the hotel**, Havengore is on the left as you exit the underpass just before the bridge
